ATs-4,0-50/4 (63934)

in stock **1** unit

Body material – prefabricated aluminium profile, outer cladding – aluminium alloy sheets, compartment floors – aluminium.
Compartment doors – roller shutters, pump compartment door – hinged
Water tank – 4000 l – corrosion-resistant polymer
Foam concentrate tank – 240 l – corrosion-resistant polymer
Crew cab - steel frame clad with ABS plastic – crew of 6
Fire pump – NZPN-40/100, rear-mounted.
Fixed fire monitor LS-S40U
Auxiliary heater for the pump compartment and crew cab
Weight – 20000 kg.
Dimensions, L*W*H, mm – 8100*2550-3600
Specifications – see Appendix No. 1

No fire-fighting equipment

RUB 19,000,000
